

WL-XXX PRELIMINARY

Important Notices

Performance figures, data and any illustrative material provided in this data sheet are typical and must be specifically confirmed in writing by Somerville Laser Technology (SLT) before they become applicable to any particular order or contract. In accordance with SLT's policy of continuous improvement, specifications may change without notice. The publication of information in this data sheet does not imply freedom from patent or other protective rights of SLT or others.

Export Control

SLT products are ITAR restricted and are sold/shipped only to US companies. The products cannot be resold/reshipped without complying with US Export Control regulations.

Warranty

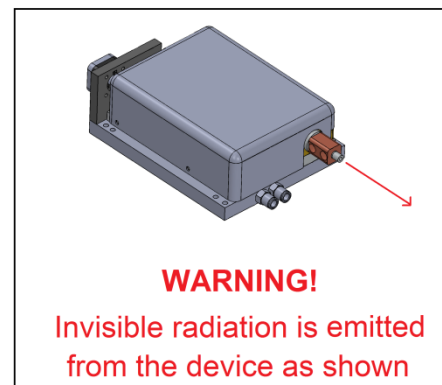

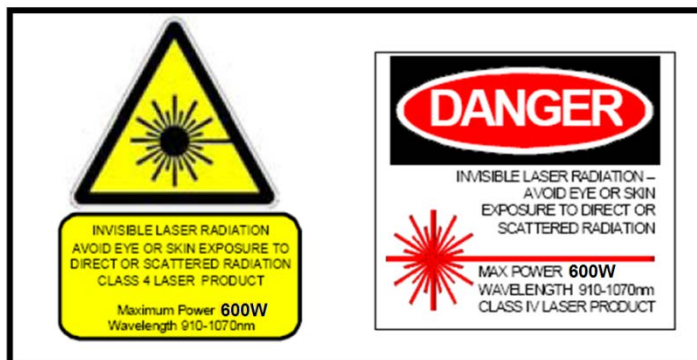

SLT products have a warranty of 1 year after the date of shipment against manufacturing defects. The warranty is void if the product has been tampered with.

Safety

The laser light from this component is invisible and is harmful to the human eye. Avoid eye or skin exposure to direct or scattered laser light. Proper laser safety eyewear must be worn during operation.

This product is sold as a component. This product does not comply with 21CFR 1040.10 as administered by the Center for Devices and Radiological Health (CDRH). Purchaser acknowledges that their product(s) must comply with CDRH regulations before they are sold to a customer.

Because of the small size of the component, the Warning Labels and Aperture Label below are attached to the individual shipping container.
